

SASKATCHEWAN PROVINCIAL COUNCIL

United Food and Commercial Workers Union CLC-CIO

George Semeniuk 1938-2005

On November 10, 2005, we lost a very prominent figure in the Province of Saskatchewan. George Semeniuk dedicated his life to the Labour Movement, fighting hard for working people to ensure a safe workplace and fair wage for all. George was the type of person who was widely respected by his Union peers and that was also reflected in his life-long passion for politics. George's accolades include: President of Local 234P (1956-1962), President of the UFCW Sask. Provincial Council (1968-1970), Sask. Council Rep. (1970-1988), Sask. UFCW Int. Rep. (1988), UFCW Western Assistant (1989-1997) and served as SFL President, CLC Vice-President and numerous other boards and Labour Councils during his career. He retired from UFCW in 1997 and continued his contributions by working for the Department of Labour and also was the Labour Representative Volunteer for the United Way.

Two years ago, the Saskatchewan Provincial Council proudly introduced the *George Semeniuk Scholarship*. Last year this distinctive scholarship was awarded to *Melissa Gartner* of Regina, who is a member of Local 1400. We are proud to continue this scholarship again this year.

This distinctive scholarship will be presented to the candidate who displays vast involvement within his or her Community, Union, Political and/or Volunteer Organizations. Academic standards will be considered secondary as criteria for this scholarship, thus making the Scholarship unique.

George was a firm believer that the measure of a person was not in how much they knew, but how they applied themselves to better the lives of people around them.

This Scholarship will be presented annually in the amount of \$1000 to the deserving recipient. UFCW Saskatchewan Members, Spouses and their Children attending post secondary education are eligible to apply.

Please contact your Local's Council Representative for application forms.

In Solidarity,
UFCW Sask. Provincial Council
