

WAL-MART WORKER'S VOICE

Hearings Resume this week

Labour Relations Board hearings into the application to certify the employees of the Weyburn Wal-Mart reconvene on June 10 and 11, 2004. We will pass on any news as soon as possible.

What will Wal-Mart do if we join the union?

Wal-Mart says they recognize their employees right to support or not support the union. When the Ontario Labour Relations Board certified a store in Windsor a number of years ago, the store remained open. When employees in Thompson, Manitoba tried to organize into UFCW last summer, the August 7, 2003 CBC National News reported that Wal-Mart told employees the store would not close if employees chose to join the union.
